The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to us, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "stomach" indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

CHALLENGE DECLINED.

At a special meeting of the New York Yacht Club last night the challenge of Sir Thomas Lipton for a series of races for the America's cup was rejected after considerable discussion. The action comes as a complete surprise, as this is the first time in the history of the club that a bona fide challenge to race for the historic cup has been declined.

In effect, it seemed a blunt intimation to Sir Thomas Lipton that his company was not wanted, and that under no conditions will the New York Yacht Club permit him to again try to win the cup. He has already spent nearly \$1,000,000 in his efforts to take it back to England.

The refusal of the New York Yacht Club to accept Sir Thomas Lipton's challenge is not in conflict with the deed of gift. The America's cup was bequeathed to the New York Yacht Club in 1833 by George L. Schuyler, who had won it on three successive occasions, and was therefore entitled to hold it for his own. He presented it to the club under the specifications as originally laid down by Queen Victoria when she gave the cup.

The challenge was a brief document. Sir Thomas had sent a letter to the club stating that he had challenged with a boat of the 65-foot class under the New York Yacht Club rules because he thought that rating fitted the limitations of the cup class, and because he favored a wholesome type of boat. He also asked that he be allowed to build two yachts and select the better of the two for the cup race.

The challenge simply said that Shamrock IV was the yacht, and the length given was as the 65-foot rating class under the rules.

Ex-Commodore Lewis Cass Ledyard, who is not a yacht owner, and is known to be opposed to Sir Thomas Lipton, argued to decline the challenge.

He declared the club was willing to accept a challenge under the conditions under which the cup had been raced for, at any time, if a ninety-footer should be built, and ended by submitting the resolution declining the challenge.

GOV. SWANSON'S ADDRESS.

Governor Swanson, of Virginia, was the principal speaker at the opening day's session of the American Bankers' Association, which met at Atlantic City yesterday morning. In a stirring address, in which he pictured the South as the coming center of the world's manufacturing industries in every line, Gov. Swanson declared his belief that the disfranchisement of the negro and his consequent elimination from politics in many southern States has been one of the greatest factors in the advancement of the section of the country south of Mason and Dixon's line.

"At last the offices, the business houses, and the financial institutions of the South are in the hands of intelligent Anglo-Saxons," he declared, "and with God's help and our own good right arms we will hold the negro where he is for his own good and our salvation."

Gov. Swanson dwelt on the immense growth of the South, and declared that the southern States are the only ones in the country that are entirely free from political graft.

If real coffee disturbs your Stomach, your Heart or Kidneys, then try this clever Coffee imitation—Dr. Shoop's Health Coffee. Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet it has not a single grain of real coffee in it. Dr. Shoop's Health Coffee imitation is made from pure toasted grains or cereals, with Malt, Nut, etc. Made in one minute. No tedious long wait. You will surely like it. ANOTHER STRIKE ORDER.

Apparently ignoring the fact that the operators in the New York newspaper and brokers' offices are the largest contributors to the local strike fund of the telegraphers, the resolution to call out the operators on all leased wires in the district controlled by Local No. 16, of the Commercial Telegraphers' Union, regardless of existing contracts, which was brought up on Sunday and tabled till Tuesday, was carried last night at a closed mass meeting of the local. The motion calls on all the leased wire operators to quit work, subject to the approval of President Small, and the national executive committee of the telegraphers would be apprised by telegraph of the decision, and it was so decided to ask them to order out all the leased wire men throughout the United States. Most of the Wall street men who have twice decided against striking are opposed to the strike still. They may decide to ignore the order. The operators under contract in the newspaper offices are also averse to breaking contracts.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malaria influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness, indigestion, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store, 50c.

LONE GIRL IN DISMAL SWAMP.

Twelve days in the dismal swamp,

without food or water and at the mercy

of the wild beasts that roam that weird

but historic freak of nature, Annie

Stanley, a mere slip of a girl, not more

than eighteen years of age and pretty, is

now insane, unable to speak or tell how

she came to be in such a plight. Her

flash torn and bleeding and with but

little clothing on her person, the girl

was discovered a few days ago lying on

the ground in the thickest part of a

swamp by a posse of men who had been

attracted by her cries. Gently they

carried her to the home of a physician of

Indian town, N. C., but only her screams

rewarded the untiring efforts of physicians

to restore her reason. Some people

believe the girl was taken into the

swamp by persons who desired her

death. The case is being investigated.

STUDENTS IN A FIGHT.

Three of the older students of the

West Virginia Wesleyan College, at

Buckhannon, are in a hospital as a

result of an attempt to haze two new

students. The latter were escorting a

young woman of the college home from

church after dark, and were met on the

campus by five of the older students,

with coats turned wrong side out and

handkerchiefs over their faces as masks.

The new students asked the older

ones to wait until they escorted the

young woman home, but they proceeded

with the attack. The two students as-

saulted drew their pocketknives and be-

gan slashing right and left. Two of

their assailants took to their heels, and

the three that remained in the encounter

were badly slashed.
